

SAFE ROUTES TO SCHOOL NATIONAL CONFERENCE

BUILDING ON SUCCESS – PROJECTS, PROGRAMS, PEOPLE

August 13-15, 2013 Sacramento, California

Safe Routes to School creates safe, convenient and fun opportunities for children to bike and walk to schools, and plays a critical role in providing more physical activity and enhancing traffic safety.

The 4th Safe Routes to School National Conference is making its way to California's state capital in Summer 2013. The first state to enact Safe Routes to School legislation in 1999, California has played a key role in the birth of the Safe Routes to School movement and remains a national leader in Safe Routes to School strategies. Join us on the West Coast next summer.

This biannual event draws a national and multidisciplinary audience of Safe Routes to School advocates and program representatives; transportation, health and law enforcement professionals; planners, architects and urban designers; local elected officials; school administrators and facility directors; advocates for youth and youth leaders; and community members and many others interested in improving the health and safety of our children.

Conference sessions and hotel accommodations will be at the Sheraton Grand Hotel, just steps from the California State Capitol. The group rate until July 14, 2013, is \$99 single/\$124 double occupancy. Call (800) 325-3535 to make a reservation and indicate you are attending the Safe Routes to School Conference.
