

MEETING NOTES

Clergy Coalition
Lake Avenue Church
January 9, 2013
9:00-10:30 am

General Notes and Questions:

- Suggestion that Work Plan wording/language be more reflective of PUSD Strategic Plan, which many had participated in.
- There is parent engagement strategy but no implementation (explanation that it is an item to be developed further)
- Question regarding what is governance structure?
- Will there be support for church-based preschools?
- There are many churches providing tutoring, fitness and other programs. Interest in finding space and opportunities for joint training.
- For churches like Lake Ave. that are providing extensive tutoring, access to PUSD textbooks on line has been continuing issue. Can they get access somehow?
- Would like to see “trust” inserted as a value.
