“TIERS is the much-needed answer to many of the problems we have encountered in the public engagement process. The TIERS techniques, thought process, and structured approach to stepping back, planning, and learning how to work as a team are exceptionally useful and practical. TIERS provided our entire team with a newfound confidence in handling the public communication process.”

OTIS GREER, Director of Legislative and Public Affairs, San Bernardino County Transportation Authority

“The TIERS training was incredibly motivating for our team and we were able to immediately put what we learned about the TIERS process to work on our current projects. We left with best practices and a clear process we can follow.”

MAYOR JOSE GURROLA JR., City of Arvin

“Attending TIERS was a great learning experience for the San Joaquin Regional Transit District (RTD) team. The training helped us understand why our traditional methods of public outreach were not as effective as we hoped, and it provided insight into how we could enhance those efforts in the future.”

DONNA DEMARTINO, Chief Executive Officer, San Joaquin Regional Transit District

Now more than ever, the importance of proactive, transparent and two-way communication between government and communities is being championed across the country. The **TIERS Learning Lab Program** offered by the Institute for Local Government (ILG) helps local governments in California master the public engagement process.

Program Benefits + Takeaways:

- 1 Reframe your public engagement from a necessary burden to a beneficial and productive process
- 2 Learn new tactics and tools to manage and respond to diverse viewpoints and navigate contentious stakeholders
- 3 Learn how to drive higher turnout for your big events
- 4 Gain new ideas and digital strategies to move your public engagement ‘Beyond the Usuals’ and reach new residents and stakeholders
- 5 Increase your organization’s internal buy-in for your public engagement work
- 6 Connect with others in your region to share real-world case studies and provide mutual support for successful public engagement work
