

Coupon Good for Two Hours of Self-Study Education

Your agency has prepaid **two hours** of AB 1234 self-study activity for you. This activity is available through the Institute for Local Government's ethics website at:

<http://www.ca-ilg.org/post/ethics-training-self-study-and-online-options>

Once there, read the materials for both Part I and Part II of the self-study exercises. Then take each self-tests and send the completed tests, along with an *original* of this coupon, to the address above. Each part is worth one hour of AB 1234 ethics education. *This coupon is worth \$50—don't lose it as we cannot replace it without charging an additional \$50.*

AB 1234 requires officials to have two hours of such education every two years.

The Institute will provide you with your corrected tests, along with explanations for all the test question answers.

We will also provide you with a proof of participation certificate, which you should 1) make a copy of for your records, 2) provide to the custodian of records at those agencies you serve. *Note that there is a \$20 replacement fee for duplicate proof of participation certificates.*

Thank you for supporting the Institute for Local Government.

*Proceeds of all activities support the Institute's work in public service ethics.
The Institute is a 501(c)(3) organization.*
