“TIERS is the much-needed answer to many of the problems we have encountered in the public engagement process. The TIERS techniques, thought process, and structured approach to stepping back, planning, and learning how to work as a team are exceptionally useful and practical. TIERS provided our entire team with a newfound confidence in handling the public communication process.”

OTIS GREER, Director of Legislative and Public Affairs, San Bernardino County Transportation Authority

“The TIERS training was incredibly motivating for our team and we were able to immediately put what we learned about the TIERS process to work on our current projects. We left with best practices and a clear process we can follow”

MAYOR JOSE GURROLA JR., City of Arvin

“Attending TIERS was a great learning experience for the San Joaquin Regional Transit District (RTD) team. The training helped us understand why our traditional methods of public outreach were not as effective as we hoped, and it provided insight into how we could enhance those efforts in the future.”

DONNA DEMARTINO, Chief Executive Officer, San Joaquin Regional Transit District
