Fluorescent Lamps

Log on to www.wmlamptracker.com

Follow the five easy steps to recycling your Fluorescent lamps containing mercury.

You may also call to set this program up at 800-410-9008.

Smart Business Recycling

The County of Los Angeles has developed three web sites to help businesses reduce their waste.

www.lacomax.com

This is a materials exchange where materials or items that are available or wanted are posted. Simply type in information about the item / material you want to discard or inquire about and your information is available to anyone in the region with Internet access. Listings are accessible both by material, category and geographic region.

www.businessrecycling.com

This site offers information and advice for setting up and expanding waste reduction and recycling programs. Contact Business Recycling at 800-741-9236

Waste Reduction Tips

"What benefits does my business get from
Recycling"?

Answer: The more you recycle in the proper
bins the less trash you have. Therefore, you
should need to have your trash picked up *less
often* which should *cost you less!*

Waste reduction tips to keep in mind:

- ▶ Print directly on envelopes, avoid labels
- ▶ Preview Documents before printing
- ▶ Print on both sides of the paper.
- ▶ Route memos & newspapers rather than making copies
- ▶ Place individual recycling container at each work station
- ▶ Shred newspapers and reuse for packaging.
