Reduce Costs

Reduce your garbage bill,

RECYCLE.

Since 1990, we've recycled over 2.2 million tons of waste, reducing global warming pollution by 4 million metric tons.

Did You Know

At least **70%** of the waste from a typical business is paper that could be recycled.

Recycling one ton of paper saves the equivalent of 17 trees.

Through paper recycling alone we have **saved over 7.5 million trees** in the last ten years.

Get Recognized

Become Certified Green – With our help over 100 business have become certified Green as part of the Marin Green Business program.

Achieve LEED – We'll evaluate your recycling goals and customize a job site recycling strategy to meet those goals and provide the necessary documentation for LEED certification.

Get Rewarded

If your business shows substantial gains in recycling, as a result of this program, we will provide a complimentary media campaign to get the word out.

STRICTLY BUSINESS
