PUBLIC ENGAGEMENT CASE STORY

Community Partners Help the City of Fresno Shape its General Plan Update

With areas of significant poverty and a pattern of sprawl, the City of Fresno saw a critical need to develop a new strategy to guide future

development. Working with community partners to help attract the very diverse resident population, the city created a general plan that illustrates a shared vision for a more healthy and sustainable future.

Sustainable Communities Learning Network Partnership

The Sustainable Communities Learning Network (SCLN) is a service for local officials offered by the Institute for Local Government in partnership with the Information Center for the Environment at the University of California, Davis, with support from the Strategic Growth Council and The California Endowment.

Sustainable Communities Learning Network Group on LinkedIn

The LinkedIn™ group is a place for local government sustainability practitioners to connect, exchange information, discuss best practices, and seek feedback on project ideas directly from their peers.
