CIVIC CHANGE
Program Description

The City of West Sacramento has established a paid student summer internship program to provide students with practical work experience related to their academic major or chosen field of study. This program provides the City with the opportunity to invest in our future workforce and demonstrate how students can have the career they want in local government while serving their community.

The eight-week internship will provide interns with positive examples of public service, hands-on experience, and an insight into how city governments are run.

Interns will spend time job shadowing City employees. Assignments will be based on the level of experience and the department to which they are assigned.

Eligibility Requirements

In order to be eligible to participate in the Program, the intern must:

- Be a high school junior or senior 16 years of age or older
- Be enrolled in an accredited college/university or a graduating high school senior enrolled in an accredited college/university
- Be able to work in the US
- Submit an official City application form
- Priority will be given to Washington Unified School District (WUSD) students who are enrolled in a career-driven pathway or academy. Secondary preference will also be given to other Washington Unified School District students and graduates, and West Sacramento residents.
CAN BE USED TO CREATE LEARNING AND OPPORTUNITY PATHWAYS
Playlists

Playlists are made up of...

**XPs**
An XP is a learning experience. XPs can be local or digital.

**Resources**
A self-contained piece of media content that can be consumed or used by the learner.

**B**
A shareable credential that provides evidence of a learning achievement.

**Opportunity**
An activity that is unlocked by earning a badge. Youth earn a badge after completing a Playlist.
