

Your business may be small,

but you have a **big impact** on the world around you. That impact can be positive or negative, depending on the choices you make every day. One of those **choices** is how you handle your company's waste materials. Many of the items in your trash bin may be valuable materials that could be recycled rather than lost forever in a landfill.

By choosing to **recycle** at your workplace, you'll be saving valuable resources and energy, reducing greenhouse gas emissions, and contributing to the local economy. You'll also **help** Emeryville reach mandatory state and local recycling goals.

Here in Emeryville, making the right choice is easy. *With the FREE recycling program for small businesses there's really no reason not to sign up!*

RECYCLE!

Here's what businesses are **saying** about Emeryville's Small Business Recycling Program:

"I don't know why anybody wouldn't use the program. It's the right thing to do."
 — Lib Ann Capelli, Owner Bernard Capelli

"We've definitely saved money. My husband is really happy."
 — Pat Bagdon, President For Your Dogs Only (FYDO)

"I would absolutely recommend the recycling program. The single container makes it very easy."
 — Allison Eery, Office Manager Lotus General Contractors
