SUMMER AT CITY HALL
WHY TARGET THE PUBLIC SECTOR SERVICE?

• Baby boomer retirements & need for more diverse workforce
• Cities offer a wide range of career paths
• Civic Engagement is problematic
  – The United States ranks 139th in voter participation of 172 democracies around the world
  – Less than 8% of registered 18-24 year-olds actually voted in the 2014 primary election
  – 55% of all youth ages 12-18 volunteer; less for youth of color
Local Governments, in partnership with schools and community agencies, engage youth through real-world experiences, empowering them to become civically engaged leaders and future public servants.
