WEBINAR OVERVIEW

NAVIGATING REOPENING ANXIETY

Addressing the Personal, Legal & Operational Impacts of Return to Work

After more than a year of shelter in place orders, California has begun the process of fully re-opening workplaces. Local government leaders are in the unique position of having to consider the mental health impacts of new workplace policies, as well as the legal and operational challenges of enforcement and implementation.

In this *Leading Local* webinar, we'll explore the anxiety that local leaders and staff may be feeling about the evolving COVID re-opening guidance and discuss strategies to balance self-care considerations with shifting state and federal requirements.

HOW TO ASK A QUESTION DURING THE WEBINAR

- All webinar participants will be on **MUTE** during the entire call.
- Please **TYPE** any questions into the **QUESTIONS BOX** at any time during the webinar.
- The moderator will read your questions during the question period at the end of the webinar.
