Another Successful Summer for Governments Engaging Youth

The cities of West Sacramento, Elk Grove, Camarillo, Oxnard and Rancho Cordova, and the County of Ventura, partnered with special districts, schools and community organizations to provide civics education and work-based learning experiences for more than 100 youth this summer. Youth received job skills training, mentoring from public agency professionals, gained valuable insight on the functions of local government and were empowered to participate in their community.

If you are interested in developing a program in your community, please contact Randi Kay Stephens at rstephens@ca-ilg.org and be sure to explore the Institute’s Governments Engaging Youth Toolkit: www.ca-ilg.org/geytoolkit.
